

I am pleased to announce my endorsement of Rick Soucy for Genoa Township Clerk in the August 4, 2026 Primary Election.

Rick was first elected to the Township Board in November 2024 and was appointed Township Clerk in November 2025. Since stepping into that role, he has demonstrated professionalism, dedication, and a strong commitment to serving our community. He successfully administered his first election this past May without issue, has completed required training, and has built an outstanding team within the Clerk's office.

What speaks volumes is that even one of Rick's opponents acknowledges that he is doing a good job as Clerk, while simply believing she could do better.

In my view, when a public official is performing effectively, delivering results, and serving residents well, it is important to consider the value of stability. Challenging a fellow Board member solely on the belief that someone else might do the job better does not strike me as the most fiscally responsible approach.

For these reasons, I am proud to support Rick Soucy for Genoa Township Clerk and encourage voters to consider his proven record of service and leadership.
